

Your 6 Month Check Up

You're six months into your contract with Exa Networks!

So, we thought we'd just check in to make sure that you're happy with every aspect of the service you're receiving from us - and to provide you with a quick overview on the usage of your Exa Networks connection so far.

We regularly check the status of your connectivity to make sure that you consistently have enough bandwidth to accommodate your business's requirements and, if you seem to be repeatedly reaching your maximum capacity, we'll get in touch just to let you know that another service might be more appropriate for your needs.

At the moment, you are provided with:

We're happy to inform you that our records show you've stayed perfectly within your download and upload capacities for the past thirty days! This means that your connection is capable of doing everything you need it to do, which is great news.

We really hope you love your Exa Networks' service so far, and if there's anything at all that we can help you with, please don't hesitate to let us know on **0345 145 1234** or solutions@exa.net.uk.
